

THE REPUBLIC OF  
CORTESIA DEL MAR

THE SIBENICAN  
STATE

---

# TREATY OF SANTIAGO II

---

This document provides for the controlled dissolution of the Sibenican State, and the incorporation of its key territories and people into the protection of the Republic of Cortesia Del Mar.

## I. Sovereignty

1. The Sibenican State is dissolved as a sovereign entity on CivMC.
2. The Republic of Cortesia Del Mar amends its territorial bounds to include the following territories, formerly held under Sibenican sovereignty:
  - a. The City of Santiago and surrounding territory,
  - b. The City of Nossa Mae and surrounding territory, and
  - c. The exclave of Ipta.
3. A map of the amended borders of Cortesia Del Mar is provided in Article III (“Supplementary Materials”) of this document.

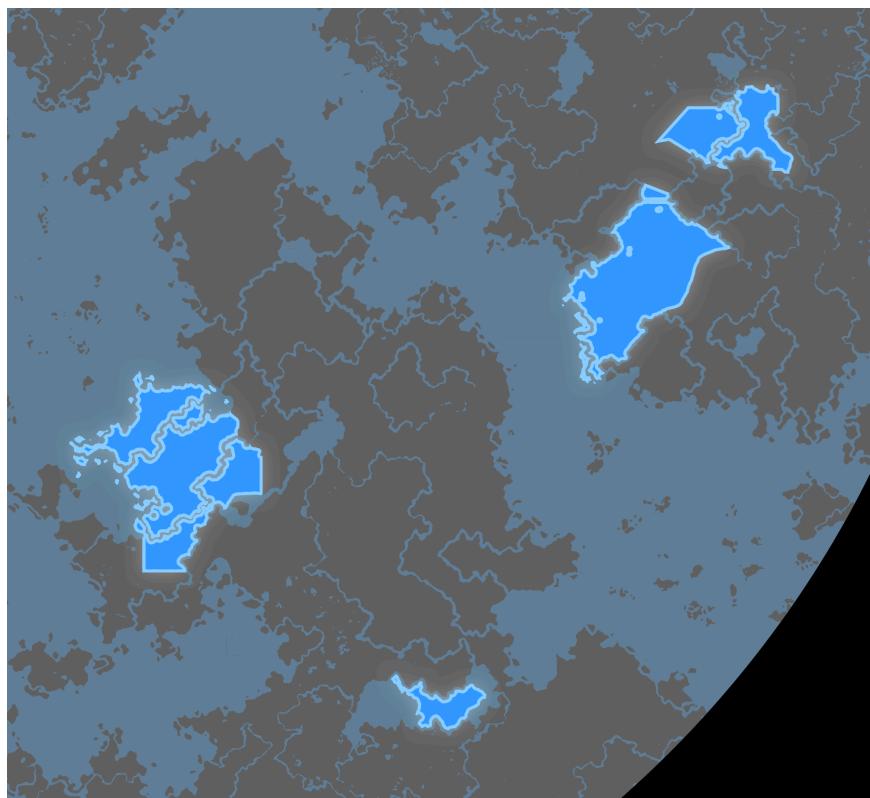

## II. Transitional Provisions

4. All individuals holding Sibenican nationality as of this treaty coming into force are to be automatically granted Cortesian nationality, in the form of either residency or citizenship.
5. The determination as to which Sibenican nationals shall receive citizenship and which shall receive residency shall be made following this treaty coming into force, by unanimous consensus of a joint panel, consisting of the Cortesian Cabinet and JJPMo3.
  - a. The criteria of the *Citizenship Act, 2024* need not affect the determination of this panel, but shall apply to the affected nationals as to all others following their induction.

6. The Cities of Santiago and Nossa Mae are to be incorporated as cities under Article VIII (“Local Government”) of the Constitution of Cortesia Del Mar, without unreasonable delay.
  - a. The jurisdictional boundaries of these cities are to be sufficient as to both include the full present extent of the cities, as well as to permit any reasonable expansion of those cities in the foreseeable future.
  - b. The governmental structure of these cities is to be non-intrusive, so as to permit those individuals presently living in and working on those cities to continue to do so without unnecessary interference.
